

Charleston Harbor.

Congress is about to make an appropriation for the improvement of the Beach Channel in Charleston Harbor.

In relation to it, the Charleston News editorially remarks:

"Captain Ludlow, as reported in our Washington correspondence, estimates that the cost of removing the wrecks and the jetty will be about \$15,000. This sum is a mere bagatelle in comparison with the undoubted and immediate results which it will produce, and we regret to learn that Major Gilmore recommends an appropriation of only \$10,000. The difference between the two amounts will not make or mar the fortunes of the country, and we hope that the larger sum will be given. Senators Sawyer and Robertson now have an opportunity of doing Charleston a practical benefit, and, through Charleston, they will help all South Carolina. Unless the 'maquerade bill' occupy their whole time, the \$15,000 appropriation will doubtless pass."

The Greenville (Ala.) Advocate of a late date contains the following argument in favor of the justice of granting divorces:

"It is difficult to see how any man of ordinary intelligence possessed of a soul could refuse to women the right of divorce from a drunken, brutal wretch, whose very presence is to her like arrows of steel piercing her wounded, lacerated and bleeding heart."

The main argument used by the advocates of the bill was that empty and oft repeated twaddle 'whom God hath joined together let no man put asunder.' We mean no disrespect for the Bible but simply contempt for the construction placed upon it. Men and women are joined together all over the world, under one form or another, sometimes without the consent of the parties concerned. The kings and lords of Europe and Asia up to a very late date have claimed the right to dispose of the hands of their sons and daughters in marriage, even while they are children. Frederick the Great of Prussia was forced into a marriage of this kind with a woman whom he heartily despised. What did God have to do with this? The common people in China of all classes contract for the marriage of their children, who frequently never meet until the hour appointed for the ceremonies to be performed. Does Providence take any hand in these unions? There are numerous instances which influence people to marry, but one of which has an origin with God. Love is divine; but ambition, avarice, lust and selfishness are not.

Nature operates by natural laws and not according to the whim or caprice of any particular individual or nation. It is natural for man and woman to live together when they love, and when their habits and dispositions are congenial; it is unnatural when this is not the case. Love may have existed at the time of marriage, but habits and temper may have destroyed that love, and planted in its stead the seeds of hate, loathing and contempt. When this is the case would it not be better to grant them a divorce than to make them live on earth in a perpetual hell, whose flames consume both body and soul?

The above was extorted from the editor of the Advocate in consequence of an attempt that is being made by the Alabama Legislature to repeal the Divorce Laws of that State. We agree with the Advocate that divorce should be granted to a woman who is tied to a drunken brutal wretch" or for wilful neglect, or adultery; but not for the one thousand and one causes proposed by some of our legislators, we do not think it should be allowed.

The Georgetown Times applauds the first veto of the session, and declares that Governor Scott "has done wisely and well in rebuking the profligate expenditures of the County Commissioners of Georgetown, in telling them and the whole State that there is already a tax on the county for one and a half to two mills more than is required to meet the current expenses of most other counties in the State, and so far as he is able, he will put a stop to the wild career of those who are disposed to indulge in reckless and ruinous extravagance, in the administration of the affairs of the several counties in the State."

We agree with our brother of the Times. But would it not be equally as "wise" in Governor Scott to administer rebukes for "profligate expenditures" to some searier house than the Georgetown County Commissioners? For instance, wouldn't it be wise, exceedingly wise in him, to administer a rebuke to the Legislature, for neglecting to appoint a committee to investigate the amount drawn from the State for sitting up the State House? We think so.

**ETTIWAN GUANOS,
SOLUBLE MANURES
AND SULPHURIC ACID**
MANUFACTURED AT THE
ETTIWAN WORKS,
CHARLESTON, S. C.
BY THE
SULPHURIC ACID AND SUPERPHOSPHATE COMPANY.

The now well known Ettiwan Guano is manufactured from the Native Bone
Phosphates of South Carolina. These Phosphates in their natural state are Inso-
luble, and require to be ground to powder, and made Soluble by Sulphuric Acid.
This Company have now in operation the largest Sulphuric Acid Chambers at the
South, and are, therefore, able to manufacture at the lowest rates, the highest
grade of Fertilizer; It being clear that the greater the proportion of Soluble
Phosphate which any Fertilizer contains, the less the quantity required per acre.
In order to make the Fertilizer complete Ammonia and Potash in sufficient quan-
tities are added. With these views the Company manufacture and offer for sale

ETTIWAN GUANOS,
Warranted to contain from 15 to 20 per Cent. of Dissolved Bone Phosphate of
Lime, and from 2 to 2 1/2 per Cent. of Ammonia, with a sufficient addition of Peru-
vian Guano and Potash, to adapt it to all crops. Price \$65 per ton, cash; on time
\$70 per ton, and interest 7 per cent. per annum.

DISSOLVED BONE,
Of high grade, suitable for Manufacturers or Planters, being in itself an excellent
Fertilizer, and specially adapted for compost. As large quantities of Sulphuric
Acid are used to dissolve the Phosphate, this will be found a cheap and convenient
way to transport that material. The grade furnished will be from 18 to 20 per
cent. Dissolved Bone Phosphate. Price \$40 per ton cash. On time, \$45, with
interest at 7 per cent. per annum. Still higher grades will be furnished to order
at an additional price per centage.

COMPOUND ACID PHOSPHATE.
Specially prepared for composting with cotton seed and other plantation manures.
Price \$35 per ton; cash; on time, \$40, with interest at 7 per cent. per annum.

GROUND BONE,
At much lower rates, consisting simply of the Native Bone Phosphates ground to
powder. Price \$20 per ton cash. On time, \$22 and interest at 7 per cent. per
annum.

WM. C. BEE & CO., Agents, No. 14 Adger's Wharf,
Charleston, S. C.

G. H. CORNELSON, Agent, Orangeburg, S. C.

N. B.—The percentage of Dissolved Bone Phosphate of Lime, and Ammonia in
all the Ettiwan's, is ascertained at the Works, by their Chemist, before delivery.
Should any purchaser be dissatisfied, he may return average samples of any pur-
chase, within 30 days after delivery, and they will be analyzed anew, and any
deficiency in the per centage guaranteed will be made good to him by the Com-
pany.

**THE GREAT
SOUTHERN PIANO
MANUFACTORY.**
WM. KNABE & CO.
MANUFACTURERS OF
GRAND, SQUARE AND UPRIGHT
PIANO FORTES,
Baltimore, Md.
These instruments have been before the
public for nearly thirty years, and upon
their excellence alone attained an unques-
tioned pre-eminence, which pronounces them un-
equalled.
Their TONE combines great power, sweet-
ness and fine singing quality, as well as great
purity of intonation and sweetness through-
out the entire scale.
Their TOUCH is light and elastic,
and entirely free from the stiffness found in so
many Pianos.
IN WORKMANSHIP they are unequalled
using none but the very best seasoned ma-
terial, the large capital employed in our busi-
ness enabling us to keep continually an im-
mense stock of lumber, &c. on hand.
All our SQUARE Pianos have our New Im-
proved *Overstrung Scale* and *AGRAVE TREBLE*.
We would call special attention to our
late improvements in GRAND PIANOS and
SQUARE GRANDS, PATENTED AUGUST 14
1866, which bring the Piano nearer perfec-
tion than has yet been attained.
Every Piano fully warranted for Five Years.
We have made arrangements for the South-
ern Wholesale Agency for the most celebrated
PARLOR ORGANS AND M. LODGONS,
which we offer, Wholesale and Retail, at
lowest Factory Prices.

**OLD
CAROLINA BITTERS.**
A DELIGHTFUL TONIC.
We take great pleasure in offering the
OLD CAROLINA BITTERS
to the public. They are compounded with
great care, and contain some of the best Tonics
of the Materia Medica. As evidence of the
superiority of our BITTERS over all others,
we have certificates from many of the lead-
ing physicians in our State, who have pre-
scribed them in their practice. The
OLD CAROLINA BITTERS
Will be found invaluable for
Want of Appetite,
General Debility,
Chills and Fever,
and Dyspepsia.
We do not offer our BITTERS as a cure
for all diseases, but as an Aromatic Tonic,
they have no equal.

**DR. TUTT'S
EXPECTORANT
FOR
COUGHS, COLDS, &c.**

**For the Speedy Relief
And Permanent Cure of
CONSUMPTION,
BRONCHITIS,
ASTHMA, COLDS,
And all Diseases of the
LUNGS, CHEST, OR THROAT!**

THE EXPECTORANT is composed exclu-
sively of Herbal and Mucilaginous pro-
ducts, which
**Permeate the very Substance
of the Lungs,**
causing them to throw off the acrid matter
which collects in the Bronchial Tubes, and
at the same time forms a soothing coating,
relieving the irritation which produces the
cough.
The object to be obtained is to cleanse the
organ of all impurities; to nourish and
strengthen it when it has become impaired
and enfeebled by disease; to renew and in-
vigorate the circulation of the blood and
strengthen the nervous organization. The
EXPECTORANT does this to an astonishing
degree. It is active but mild and congenial,
imparting functional energy and natural
strength. It affords Oxygen to vitalize the
blood, and Nitrogen to assimilate the matter.
It Equalizes the "Nervous Influence,"
producing quiet and composure

TO CONSUMPTIVES
It is invaluable, as it immediately relieves
the difficult breathing and harassing cough
which attends that disease.

FOR ASTHMA
It is a specific—one dose often relieving the
distressing choking, and producing calm and
pleasant repose.

FOR CROUP
No mother should ever be without a bottle of
the EXPECTORANT in the house. We have
numerous certificates of its having relieved,
almost instantly, the little sufferer, when
death appeared almost inevitable.

MOTHERS BE ADVISED!
Keep it on Hand!
This dread disease requires prompt action;
as soon as the hoarse, hollow cough is heard,
apply the remedy, and it is easily subdued.

But Delay is Dangerous!
The properties of the EXPECTO-
RANT are demulcent, nutritive, balsamic,
soothing and healing. It braces the nervous
system and produces pleasant and refreshing
sleep.

**It Exhilarates and Relieves Gloominess
and Depression.**
Containing all these qualities in a conven-
ient and concentrated form, it has proven to
be the
Most Valuable Lung Balm
ever offered to sufferers from Pulmonary dis-
eases.
Beware of cheap imitations.

WM. H. TUTT & LAD.,
AUGUSTA, GA.
Sold by Druggists everywhere.

gravated by the scrofu-
lous humors, have been radically
cured in such great numbers in almost every sec-
tion of the country, that the public scarcely need
to be informed of its virtues or uses.
Scrofulous poison is one of the most destruc-
tive enemies of our race. Often this unseen
corruption, which is the source of
Scrofulous disease, where the system
seems sound, and outwardly healthy,
corruption, have been
purged and cured by it.
Scrofulous affections and
disorders, which were ag-
gravated by the scrofu-
lous humors, have been radically
cured in such great numbers in almost every sec-
tion of the country, that the public scarcely need
to be informed of its virtues or uses.
